Climate change

We recognise that climate change is one of the most significant issues of our time and that the implications of climate change are significant, representing risk to cultural values, the environment, society, and our economy, and therefore to the Trust's ability to achieve its strategic vision of a Thriving South. Our aspiration is to achieve net zero carbon emissions by 2050 or sooner across our operations, governance, investments and granting.

Where is your organisation at on its journey to be environmentally sustainable in response to climate change? *

We are interested in understanding how your organisation is responding to climate change and/or any measures you are taking to help reduce your carbon emissions. *

e.g. car pooling, online meetings, reducing waste, changing to LED lights or renewable energy, reducing printed resources, planting trees

About your budget

Please note that it is important that the budget you submit is accurate, because any grant approved will be based on a percentage of total budgeted costs.

If the actual costs end up being significantly lower than your budgeted costs, the approved grant will be reduced accordingly, e.g. say the original budget was \$15,000, and a grant of \$2,250 was approved (which equates to 15% of the total budgeted costs), but the actual costs are \$10,000, the grant will be reduced to 15% of that amount - \$1,500.

Is your organisation registered for GST? *

☐ Yes

☐ No

If you prefer you may upload a more detailed budget here and enter a summary budget below.
